Happy birthday Hunter <3

Introduction

READ: this document includes mentions of: Sexual assault, racism, violence, grooming, loli/shota, cheating, threats, and more.

Gerbert has not debunked a single thing.

This document has been created to compile and centralize a series of serious allegations made by multiple individuals against Hunter Montez, who is also known online as "gerbettheegg." For over a year, claims of misconduct, including sexual assault, have been shared across various social media platforms. This text serves to organize the information provided by those who have come forward, presenting their accounts and the context surrounding them.

The allegations suggest a pattern of behavior involving the use of multiple aliases—including "Gerbert," "Munchie," "OddBall," "TerryTickles," “sad.beetz” “steakz” and “eatyourgutzz”—which has made it difficult to track his online activities. The information here has been gathered from public sources and through direct interviews with the individuals involved, who have consented to share their stories.

Miscellaneous
Gerbert admitting oddball accounts are his
Meaning he is Oddball.
This gives credence to the claims 'odd' on discord is Hunter Montez.

Important Disclaimer

For legal purposes, it must be stated that all information contained within this document is based on allegations, unconfirmed sources, and personal statements. The evidence presented was gathered through publicly available channels. While this document aims to be a factual representation of these claims, the allegations themselves have not been formally adjudicated.

WE ARE WORKING TO REMASTER THE DOCUMENT AND MAKE THE WRITING LESS INFORMAL AND ALL OVER THE PLACE, WE ARE ALSO WORKING TO CLARIFY A LOT OF SECTIONS.

SECTION 1 : Video Allegation

VIDEO EVIDENCE ALLEGATION :
3 April Gerbert blocking (CONFIRMED)
A video recording allegedly shows Gerbert blocked an individual on social media after they commented on one of his posts with the name "Munchie," which is reported to be one of his former nicknames.

SECTION 2: The Lies
In a recent TikTok video responding to the allegations, Hunter has reportedly admitted to being Hunter Montez, stating that he had lied about his name and high school to protect himself from what he describes as bullying and false accusations.

One person has stated that Hunter initially denied being Hunter, claiming they merely "happened to look alike" and that he would confront the individual for causing trouble. We believe that he fakes sincerity to gain trust from another person. This same person says that Gerbert lied on two other occasions, once by denying ownership of a Discord account, for which screen-recorded evidence was provided, and again by denying that he was the one who messaged a 22-year-old cosplayer.

In the video below, Gerbert makes a video lying about everything, his school, where he lived, and who he was.

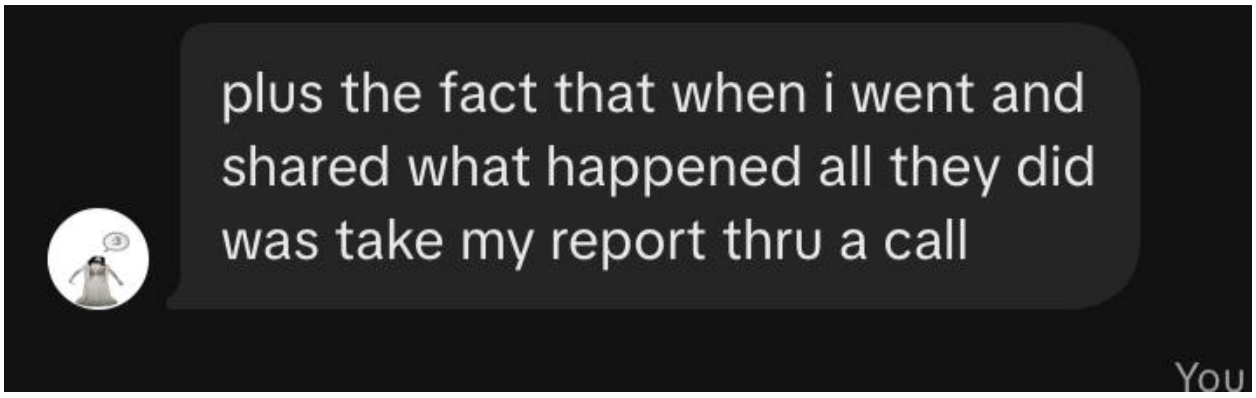
SECTION 3: Angel Incident

OCTOBER 2021:

The story from a victim named "Angel" begins in October 2021, during their freshman year. She says that from the start, Hunter fetishized her for her goth style and made her uncomfortable by being "weird" and overly "touchy."

According to Angel, they had agreed to do something intimate in a Walmart bathroom, but she changed her mind and felt uneasy. She claims Hunter didn't respect her wishes and persisted despite her discomfort. Eventually, she left the situation, but he then allegedly threatened to tell her friends what had happened. After hearing that other girls were also being harassed by him, she decided to cut off her friendship with him completely. The document includes what are said to be screenshots of her old Discord chats with Hunter and her Instagram posts about the experience, including a picture that is meant to confirm his identity.

it's a story sadly, everything happened irl too, so in freshman year hunter and i became friends and he was extremely weird and touchy with me from the git go he became friends w me cuz he liked how i was "goth" and always sexualized me, it got to a point where me n him decided to do some things so i agreed because i thought i liked it, we went to walmart and stuff happened and it got to a point where i was uncomfortable and he kept trying to get me to stay and i eventually left but after that he would like basically threaten me saying he'd tell my friends and stuff and kept trying to do things to me after he did those things in the bathroom until i exposed him for choking a girl in a fight i got into with
❤️



plus the fact that when i went and shared what happened all they did was take my report thru a call
You

oh interesting, yea herbert didn't fight anyone when i did but he choked the fuck out of the girl and was lying ppl that he didn't, also yeah maybe if i find anything relevant id be down to let yall add me in, its gonna probs be after i find anything tho if i can

❤️

i'll keep u updated

my friend myla was always around us and she'd see hunter touch up on me, one time her me and hunter went to ross and like me n her were joking ab this one lingerie thing and then hunter started to chime in and said how bad he wanted to see me wear it and how good id look in it, myla also saw hunter forcefully grab me and kiss me

❤️

also my other friend ruby was there for a lot of it too, i used to chill at dutch bros and hunter would sit next to my and grab and rub on my thighs and also try to lay on them, ruby would bring it up a lot to me and i'd just brush it off

❤️

Section 4: Cam Incident

MARCH 2022

Another story comes from March 2022, involving a person named "Cam" (who was a transgender male at the time but now identifies as female). The claim is that Hunter cheated on his girlfriend to get with Cam, primarily seeking a sexual relationship. Cam says that Hunter "love-bombed" and manipulated her, pulling her into a secret relationship.

Things reportedly took a dark turn when Hunter allegedly threatened her and brought materials with the intent to cause her harm, apparently after he had decided to break things off. Cam's side of the story is that hearing this threat prompted her to physically attack Hunter in self-defense, breaking his glasses in the process. Hunter's version is different, he says he was simply trying to end the relationship when Cam assaulted him.

What both sides seem to agree on is that his glasses were broken and a no-contact order was issued afterward, with Cam's family having to pay for the damages. So basically, gerbert repeated what Cam said and just left out one detail (which was, threatening her) Hunter has denied sending certain messages related to the incident, but I personally believe he is lying, which, I don't understand why he would but my theory is so that he can look like he never did manipulate her. It adds that his old Instagram name was "Oddball," a detail that people from his school can apparently confirm.

Hunter cheated on his girlfriend with me originally just for sex but he ended up lovebombing me and manipulating me and got me to get extremely emotionally attached and then tried to drop me and I got upset like "why did you say all these things then?" And he was all like "I was telling the truth I like you" and then got me to get into a secret relationship told Me not to tell anyone I was meeting up with him today because he had a suprise for me and I met him at duch bros and said that he didn't want to keep doing this again and again I'm like "then why do you keep playing with my heart strings???"" And he was like "I was planning on just killing you." He had brought a knife, lighter, and socks to use as gloves and told me not to tell anyone I was going with him so that Noone could say he was a suspect

He said he couldn't go through with it

And it hurts because

He made me fall for him

I knew he was bad

But he kissed me

All the school is doing about it

Is giving us q no contact contract

We talked to the ccad police

And they said since I was the one to advanced it to physical battery

And broke his glasses

Even if he said he was planning on it

I was in the wrong

Because he said he couldn't go through with it

And his family wants us to pay 500 dollars to replace his glasses

I'm so upset

He was going to kill me

And again all he gets

Is a slap on his fucking wrist

What if he hurts me at school?

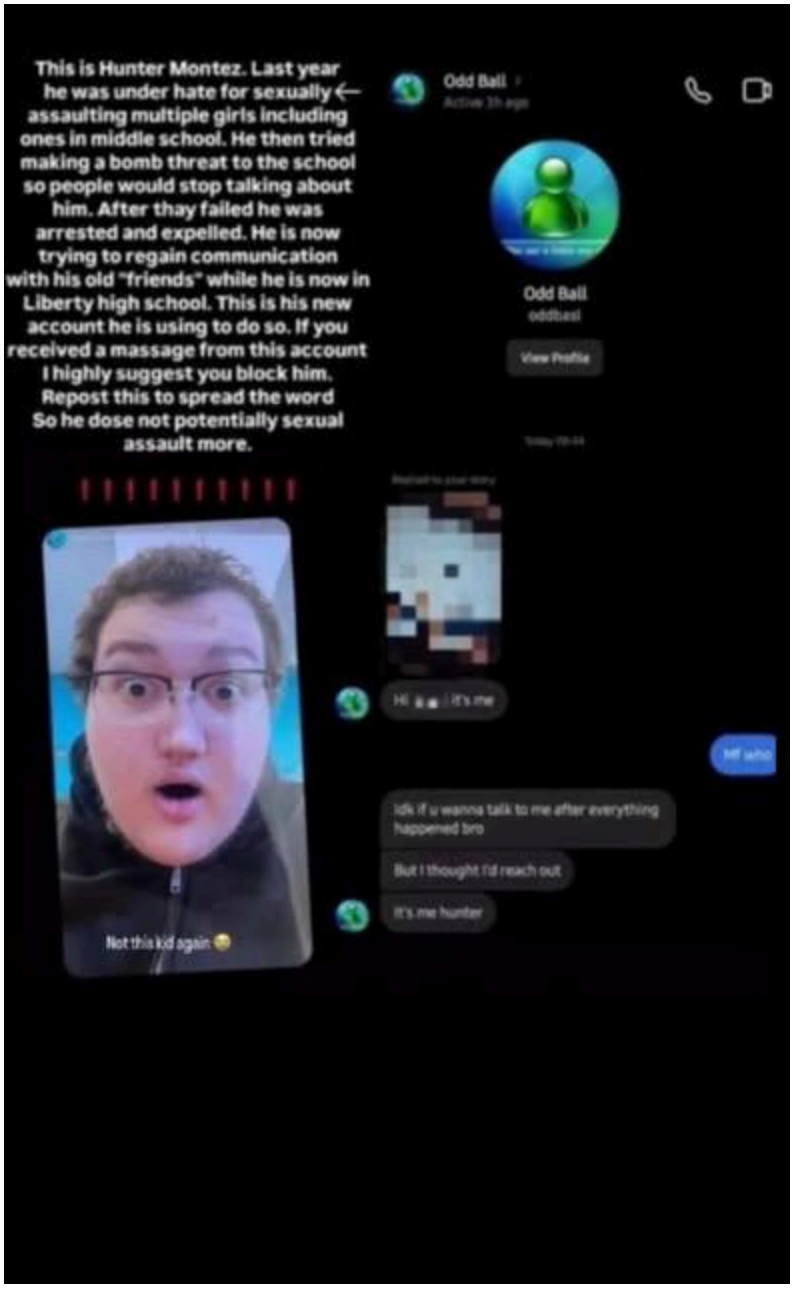
OK ANYWAYS



This is Hunter Montez. Last year he was under hate for sexually assaulting multiple girls including ones in middle school. He then tried making a bomb threat to the school so people would stop talking about him. After thay failed he was arrested and expelled. He is now trying to regain communication with his old "friends" while he is now in Liberty high school. This is his new account he is using to do so. If you received a massage from this account I highly suggest you block him. Repost this to spread the word So he dose not potentially sexual assault more.

He also admits on wackjobs call that he is indeed Oddball. The recording below is Gerbert talking about him messaging his friends with the oddball account https://www.tiktok.com/@veganl0gic/video/7541503650078739742?_t=ZP-8z9RGsjp0TW&_r=1 (same video as the one at the start of the document)

Section 5: Anonymous Incident

The following conversation screenshots and recording are between one of our associates (who is our close friend) and someone who was close to Hunter in his 10th grade year of high school in late 2022.

They claim that Hunter used to smack their butt and even after they told him to stop because they were uncomfortable, he would respond with "I know you like it.” They also claim that he used to ask everyone for nude pictures of themselves, including a 12 year old girl he met on discord (we have not been able to contact her since she was not from nevada). They also claim that Hunter had a history of making threats so that makes Cam's story a bit more believable. One of the girls also say that after she had rejected him, hunter got upset and proceeded to insult her.

Section 6: Wizz Incident

LATE 2022

Hunter Montez used the application Wizz to communicate with and invite a 13-year-old individual to his residence. Screenshots of their conversation reportedly show the minor expressing discomfort with

physical contact initiated by Montez, specifically being bitten on the breast and receiving repeated requests to perform a sexual act. While Montez reportedly claimed ignorance of the individual's age, the nature of the alleged interaction has raised questions regarding consent and sexual assault. Hunter has had a history of acting sexual/trying to get into intimate acts with girls who have denied/ showed no interest in him, so that makes the 13 year olds story a bit more considerable.

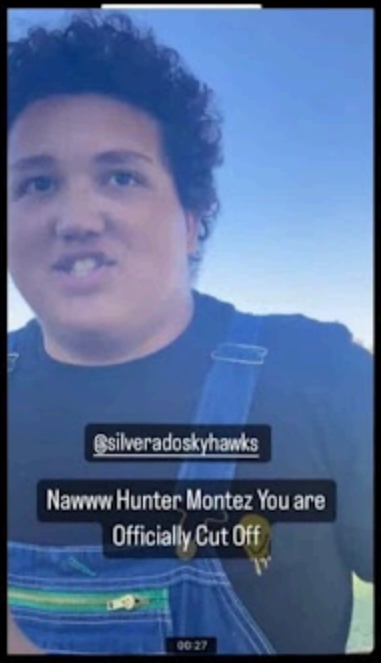
I didn't mean it like that



The 13 year old girls screenshot between hunter and her were going around his school, a story about the situation was posted on instagram and someone had replied to it sharing their experience with Hunter, about how Hunter harassed and bullied them.

Section 7: Sadbeetz Incident (2023)

After the victim, who has chosen to remain anonymous, posted a post on Instagram about a rumor of Hunter being arrested for assault, the situation escalated. The post noted that he was "still running free."

Hunter subsequently responded to the victim in a private direct message with the phrase "Mwahaha," which the victim interpreted as a sign of his lack of remorse. The victim then replied, asking "who are you gonna assault next?" Hunter's final response, "you watch out," was perceived by the victim as a direct threat.

Tell in your own words what happened. I heard a rumor Hunter got arrested. I posted about it, he slid up denying it. I then posted a joke about how hes still free. This was in reference to when he assaulted multiple of my friends freshman year with no reprocussions. He then slid up on that post saying "Mahaha". To show his lack of remorse for his previous actions. I then replied "who u gonna assault this time", to which he replied "you, watch out". This was his way of threatning to assault me. As a [redacted] this makes me extremely uncomfortable. As well as the fact that Hunter has a past with non-consentual sexual altercations, I am not handling this lightly. I had a no contact contract in place with him, that did nothing. He has even slid up on a story of mine implying he would ejaculate to the photo

(ABOVE IS A REPORT FROM THE VICTIM TO THE SCHOOL ADMINISTRATION)

Section 8: 2024 LIB HIGHSCHOOL

After Hunter had gotten expelled from his old school he moved to lib high school he became friends with N and a few others, however he was closest with N. Hunter then got suspended for a year for touching his male schoolmate's private areas without his consent. A few months later in August, weeks before his 17th birthday, he messaged N telling him how he found a 14 year old from roblox to have sex with. During this time, N did not own a phone, he owned an xbox and was using it to be on instagram. N then copied all of Hunters message and sent it to his friend, the conversation being about how he would unfriend Hunter. Below, are the screen recording and the photos of him and Hunter when they hung out to confirm that he indeed, knew hunter.

VID_20250822_183556_323.mp4

Section 9: sarah (2025)

Sarah had met Gerbert/Hunter when she came across his tiktok, and this is from Sarah's words herself. She said that she was “making fun of him in his comment section” and he randomly developed a crush on her. This was back when gerbert was not as famous as he is nowadays, when he had around 10k-30k followers (?) They got each

other's discord account and started talking to each other. They eventually got close enough to each other that gerbert started telling her a lot of information about himself and his life.
In July, Sarah had posted a slideshow with her messages with gerbert, those screenshots show him being racist and anti-semetic on the account under the alias of “terrytickles”.
Sarah's claims (though have no evidence so take them with a grain of salt)
-claims that he got a police letter for something dealing with cp.
-claims that gerbert is a shotacon.
-claims that he says racial slurs on calls.
-claims that he mentioned biting a girls tit and the girl accusinghim of sexual assault (the girl that she is refering to is the 13 year old, which she would have no knowledge of unless gerbert *did* tell her himself.)
-claims that he is part of that alt-right community.

However, there have been public videos that Gerbert HIMSELF posted that could support her claims, he made vrill videos (if you aren't aware, are related to the alt-right) Most of those videos are deleted however i managed to save one.
Another claim she had told us that his real name was not intact gerbert, and that he would never tell her. Keep in mind, this was *before* gerbert admitted to being hunter. Which makes her even more believable
vril

Sarah had sent us a screen recording and a screenshot that basically confirmed that the account terrytickles was his, the screenshot showed him talking about his tiktok. Another screenshot shows him sending a long paragraph to Sarah, then ending it with “-gerbert”. The way he texted Sarah was similar to the way he texted Cam. Sarah provided a screen recording to show the proof that all of it was indeed

real. However, Gerbert claims that she allegedly faked those screenshots and screen recordings. This is another lie of his, he mentioned Sarah being mentally ill and her just wanting to get his attention so they could talk again. If this was the case, he could have easily manipulated Sarah into a false confession. Those screen recordings are 100% real, it even shows her searching his name and a friend of hers talking about gerbert.
Which, she would have not needed to do if it was truly fabricated.

Copy of !screen recording proving messages are real

Copy of z sarah saying her age

full screen recording of gerberts dms with a girl .mov

This video also shows gerbert saying he's 18. (pay attention to when she opens the dms, if you pause you can actually see his full tiktok username at the top of the start of the messages, confirming it's actually him.)

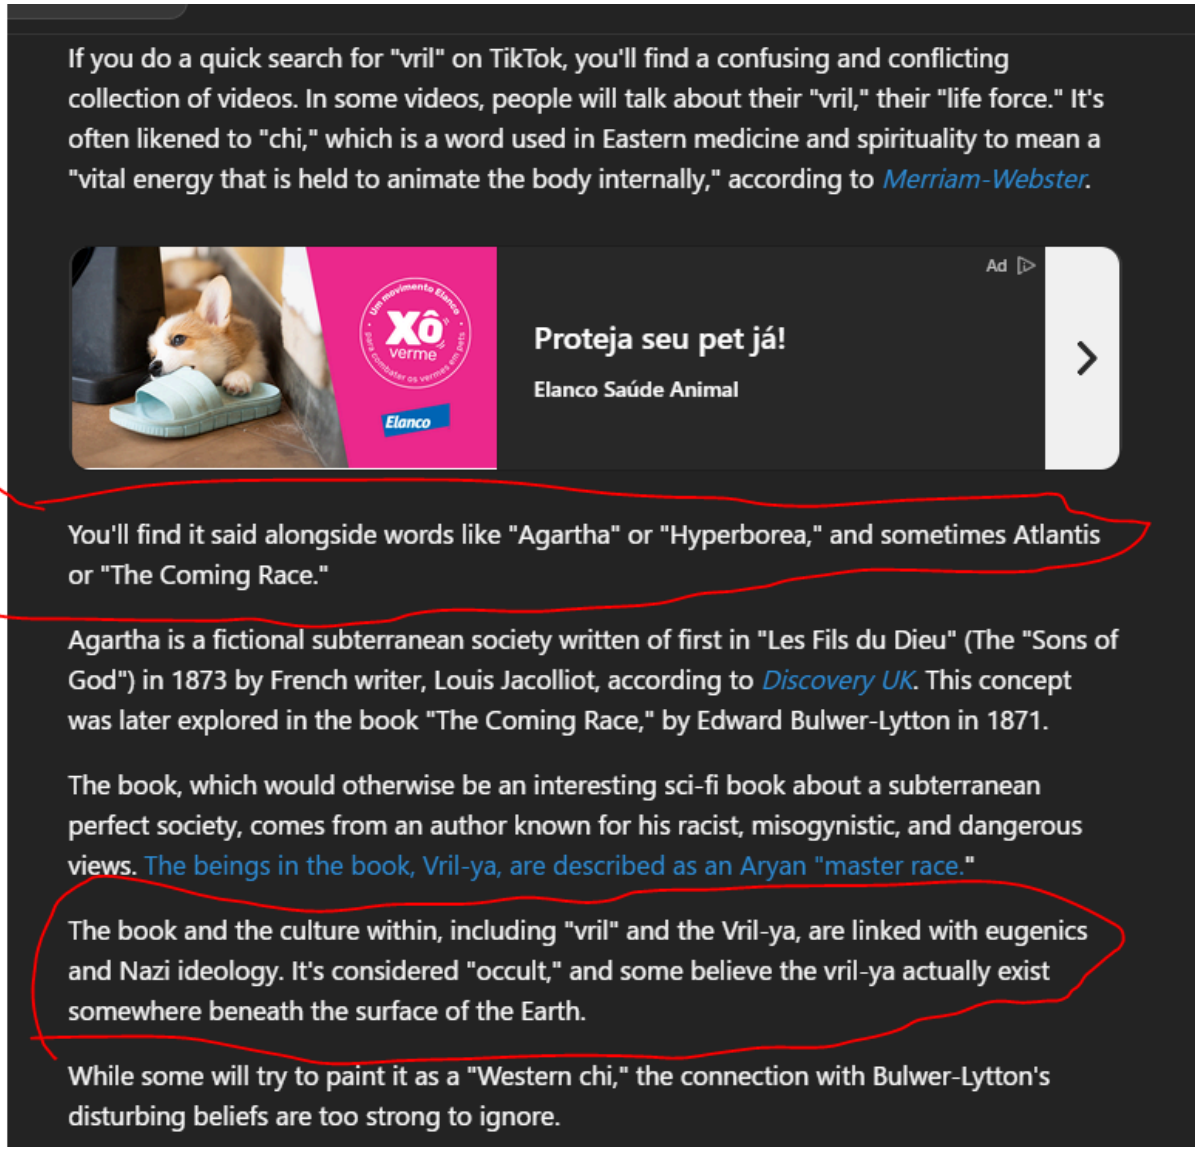
And this video shows Gerbert usingthe “Vril” Alt-right racist term, evidence that it is a racist term below



If you do a quick search for "vril" on TikTok, you'll find a confusing and conflicting collection of videos. In some videos, people will talk about their "vril," their "life force." It's often likened to "chi," which is a word used in Eastern medicine and spirituality to mean a "vital energy that is held to animate the body internally," according to *Merriam-Webster*.

You'll find it said alongside words like "Agartha" or "Hyperborea," and sometimes Atlantis or "The Coming Race."

Agartha is a fictional subterranean society written of first in "Les Fils du Dieu" (The "Sons of God") in 1873 by French writer, Louis Jacolliot, according to *Discovery UK*. This concept was later explored in the book "The Coming Race," by Edward Bulwer-Lytton in 1871.

The book, which would otherwise be an interesting sci-fi book about a subterranean perfect society, comes from an author known for his racist, misogynistic, and dangerous views. The beings in the book, Vril-ya, are described as an Aryan "master race."

The book and the culture within, including "vril" and the Vril-ya, are linked with eugenics and Nazi ideology. It's considered "occult," and some believe the vril-ya actually exist somewhere beneath the surface of the Earth.

While some will try to paint it as a "Western chi," the connection with Bulwer-Lytton's disturbing beliefs are too strong to ignore.

Section 11: 2025, 22 year old cosplayer.
On july of gerbert had messaged a 22 year old cosplayer. They started talking and became somewhat friends, the cosplayer asked how old gerbert was. Gerbert lied to her and said he was 18, after the cosplayer had found out about his true age she blocked him. If that friendship turned into a relationship, she would have been labeled as a pedophile and she could have gotten in major trouble. It is *highly* suspected that gerbert was flirting and wanted to hook up with her. He admits this incident has happened.

Down below, will be screen recordings between the cosplayer and him. There was also be a video below that where he admits to it happening (it was in a call with wackjob.)

is it truely a crime for a man to want to be loved? should my lust for a relasionship be seen as devilish? i have no connection anymore like im a leaf drifting along the wind. none of this seems fo have meaning without another half. ive been alone so long that i do not feel the motivation to even try again. like im criminal for wanting to be loved. dont read this with pity but read it with caution. dont fear rejection. ask the girl you like out. tell her how you feel. you only live once. enjoy it. i am a lonley man because of regret but you do not have to be.

One of his posts, similar to the way he rants with people he talks with.

Comment: This isn't really important to this document but i felt like i had to share some of the things i wanted to say.

I believe gerbert will not admit to anything, in this clip here you here him say that he's only making response videos addressing them because he got caught, not that he wants to come clean. In the second clip, he lies , he says he dropped out after he got expelled for the bomb threat he made, however this is not true; what really happened is that after he got expelled, he moved to a new school (lib high). I believe he lied so he did not have to cover the things he did in lib high. (Ex; getting suspended for a year for touching a schoolmate without consent) I'd also like to add how gerbert was caught texting a 12 year old (there's a screen recording on my channel) which seems fine considering he didn't say anything weird but gerbert mainly only texts girls randomly when he finds them attractive however thats just my opinion it could be something innocent.

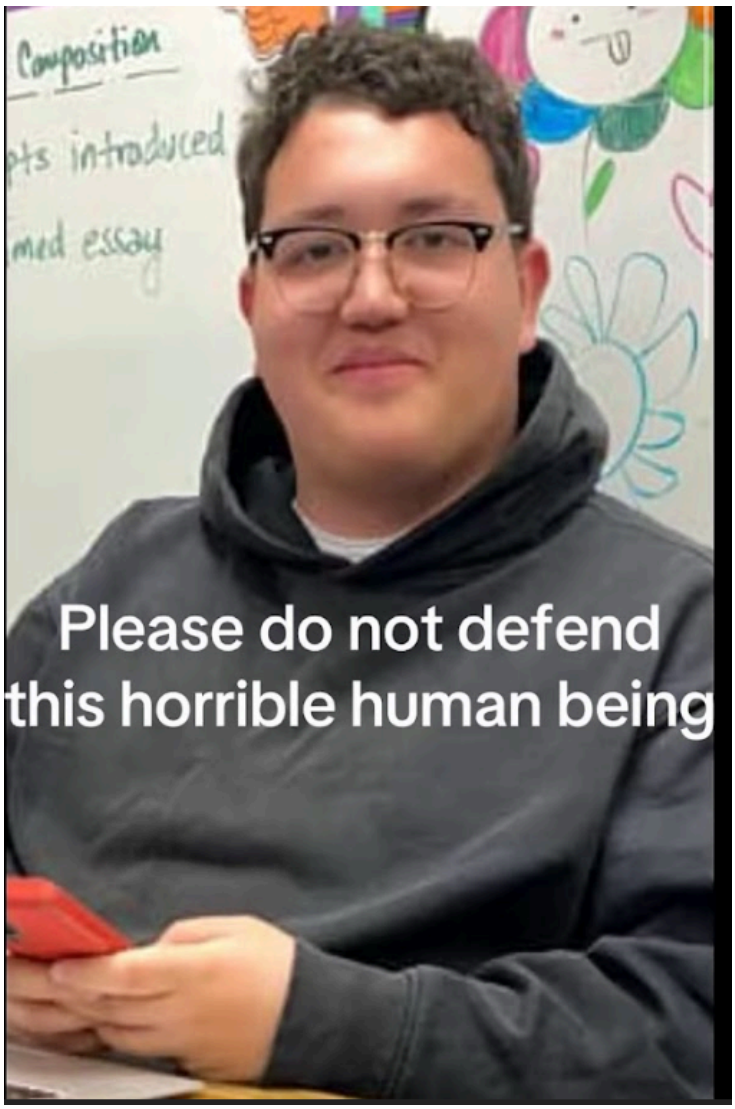
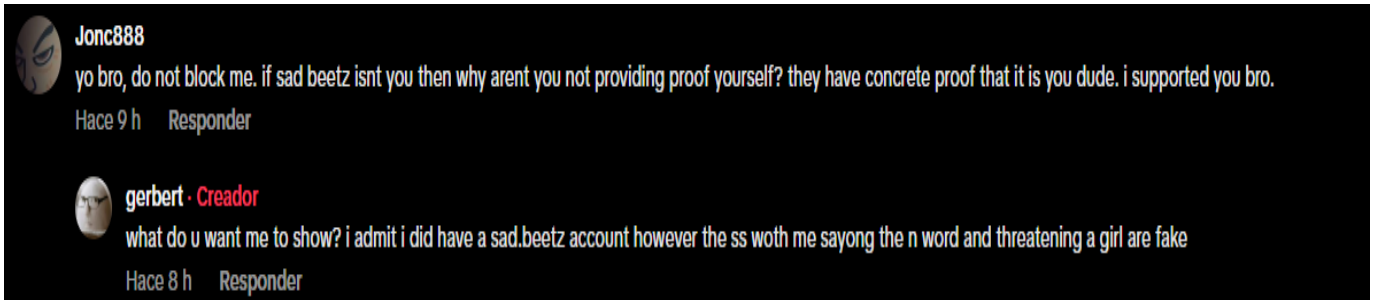
This is practically it guys, 65 pages of evidence against Hunter Montez, we cooked with this.
Thank you for reading.
If gerbert is reading this, i hope he enjoys our sweet gift ❤️ we wish the best for gerbert truly.



PS : responses to the recent gerbert video where he “debunks” the allegations will be put below.

Notice how with every social medias account and even his own name he follows the same trend of “that’s not me”
Then says “ok yes that’s me but all the proof/ screenshots are fake” and proceeds to only admit to screenshots of him not looking as bad

EXAMPLE :



Jonc888
yo bro, do not block me. if sad beetz isnt you then why arent you not providing proof yourself? they have concrete proof that it is you dude. i supported you bro.
